## INSTRUCTIONS

1. Thin down some Lemon Mist paint with 60% paint to 40% water. Use a fanbrush to apply two coats of the watered-down paint to the outside of the mug.
2. Allow the background to dry for a few minutes.
3. Apply the NCR pattern to the center of the plate by pressing firmly with a ballpoint pen as you trace over the lines.
4. Fill in the letters with 3 coats of your desired colors using a small brush. We used: Sea Mist, Banana Boat, Coral Reef, and Blue Ice.
5. Paint the flowers with 3 coats of Carnation using a small brush.
6. Use a detail brush to fill in the centers of the flowers with 1 heavy layer of Blue Ice.
7. Paint the handle with three coats of Carnation using a medium brush.
8. Use a fan brush to paint 3 coats of Banana Boat on the inside of the mug.

## TIPS

- Three coats of paint on the letters and flowers will result in a vibrant solid color.
- If you decide to change up the colors, make sure to paint the background in a light color and the letters in darker colors. This will ensure that everything pops.
